

Julian Boyne

Full Stack Software Engineer

Miami, Florida | 7864400146 | julianboyne11@gmail.com | [GitHub](#) | [Portfolio](#) | [LinkedIn](#) |

I'm a full stack developer with experience in the food and beverage industry. I work well in teams by being adaptable, leading by example, motivating myself and others, and communicating effectively. When building apps, I get to exercise envisioning all possible scenarios to tackle problems that I'm solving with all projects.

SKILLS

- Programming Languages: JavaScript, Html, CSS, Python
- Frameworks: Express, Django
- Databases: MongoDB, PostgreSQL
- Library: React, Mongoose

RELEVANT EXPERIENCE

Software Engineering Immersive | General Assembly | Remote | 08/2022 – 11/2022

Successfully completed 500+ hours of expert-led instruction in technologies such as JavaScript, Python, GoogleOAuth, JWT Auth, Reactjs, EJS, CSS, HTML, Django, MongoDB, PostgreSQL, Mongoose, Express, Node.js and hands-on learning of full-stack apps with React and data structure fundamentals and the industry's most in demand technologies. Developed projects, including:

- **myProps:** Built with React, JavaScript, CSS, MongoDB, JWT's Authentication – Property management app where you can keep track of everything happening in your property such as tenants, or even work requests | [GitHub Repository back end](#) | [GitHub Repository Back end](#) | [myProps](#).
- **Game Valley:** Built with JavaScript, Express, Ejs, CSS, MongoDB, Mongoose, GoogleOAuth – Game collection where you can view, comment and see other people game that they like | [GitHub Repository](#) | [Game Valley](#).
- **Blackjack:** Built with JavaScript, HTML, CSS – Blackjack game if you pass 21 you lose | [GitHub Repository](#) | [Game](#).

Server | Ferraro's Kitchen | Miami, Florida | 2021–2022 |

- Promoted from Food Runner to Server.
- Trained new servers and other new employees with company culture to improve the service for the customers.
- Assisted colleagues during rush periods to foster and promote teamwork to ensure a quality service and experience for the guest.

Manager/Cashier | Cuate's Burger Tacobar | Necochea, Buenos Aires, Argentina | 2014-2021

- Managed financial (product costs) and administration (budget) to improve profit and quality product for the restaurant.
- Opened a new restaurant over the city and trained and managed a team of 16 total employees.
- Led the restaurant to a successful team and bumped the sales to 17% annually throughout the years.

EDUCATION

General Assembly | Software Engineering | Remote

High School studies in Argentina | Escuela de educación Secundaria N4 | Mar del Plata, Argentina
